**LONG SEASON
OF BASEBALL**

LEAGUE SERIES BEGINNING APRIL 15 TO INCLUDE 24 GAMES FOR EACH TEAM.

At the meeting of the Baseball League yesterday afternoon it was decided that the season shall open on April 15 and that the series of games shall include 24 for each team. Senator D. P. H. Isenborg and Lorrin Andrews were unanimously re-elected president and secretary of the league. Those present at the meeting were: Punahou, J. O. Carter, Jr., Steere; H. A. C's, P. Gleason, J. Williams; Maile Ilimas, Wright and Louisson; Elks, F. E. Richardson; Kamehamehas, John Wise and Nani Lemon.

The arrangement of the schedule of games was left to a committee composed of the captains of the teams, and the choice of the two umpires was also left with the same committee. The committee will report on both matters at a meeting to be held at Elks hall on February 18 at 5 p. m.

An application was received from the custom house team, to enter the league, but it was stated that since sending in the application the team had decided not to enter, and the application was therefore tabled.

There is a peculiar condition existing in some of the teams. The Kamehamehas have plenty of pitchers but no catchers, and the Elks have plenty of catchers but few pitchers. Kekuewa, the Kam's former star catcher, is a resident on Maui. During the practice games Nani Lemon, the Kam's former pitcher, will don the mask. The Kams do not allow the team to go outside the members of the school, either now in attendance or graduates, for team members, and therefore the Kams this year may have to do some hard grubbing for a catcher. The Elks have Sonny Cunha as a basis for their catchers, but no pitchers in sight yet except Kaul.

Neglect Always Dangerous.—To the average man it seems childish to doctor a cold, and unless it becomes particularly annoying to him, little or no attention is given it. Often a cold contracted in the winter is allowed to run until the opening of spring. This is a grave mistake, as even though the warm weather may bring relief, the system is thereby weakened and rendered susceptible to disease. A cold should never be neglected, whether it be a child or an adult who is afflicted, as health and often life is risked. A bottle of Chamberlain's Cough Remedy, costing but a small amount will bring speedy relief and by its use all dangerous consequences will be avoided. For sale by all dealers.
